

Louisa Wines per Edward 1832 - ID 4129

To the Right Honourable His Majesty's Principle Secretary of State for the Home department

The humble Petition of LOUISA WINES

Sheweth

That Petitioner is now under sentence of transportation , she declares that on the evening when the alleged offence for which she is convicted and sentenced to transportation for 14 years, is said to have been committed she was returning home after having spent the day in washing at the house of Mrs GREEN that the Prosecutor overtook her, when near Chelsea bridge leading to Mill Bank he lives near the Petitioner and accosted her, being well known to him only as a modest woman that the money found upon her, she received from her husband to pay for a pair of Boots, which she had been to fetch from a shoemaker residing near the Bridge.

The persons who sign this Petition have long known the Petitioner and can give her a character for honesty. She humbly prays that if the sentence cannot be reversed she may be permitted to go the Penitentiary and not to be sent out of the Country from her husband and children.

And the Petitioner as in duty will ever pray.
