To The Right Honourable Lord Sandon MP

The humble Petition of Catherine Evans of No 22 Unicorn Street
Liverpool

14th December 1842

Liverpool

Humbly Sheweth

That your Lordships petitioner is the sister of Margaret Rowlands who was tried at the last Liverpool October Sessions charged with receiving stolen shoes and sentenced to ten years transportation and now onboard the convict ship Margaret at Woolwich, she is 52 years of age, there was an error at the time of her commitment which states 42 years.

Your Lordships Petitioner most humbly craves your kind interference with the proper department in behalf of her said sister that her sentence may be mitigated and allowed to remain in England and not sent across the seas.

Should your Lordships Petitioner be so fortunate as to meet with your approval in granting this her request she as in duty bound will ever pray.

Your Lordships most obedient and very humble servant

Catherine Evans.
