

Secretary's Office Sydney
16 May 1820

Sir,

I have the honor to inform you that sixty-eight female convicts, from those arrived here on the 2nd Inst per ship *Janus* from England and Ireland, are now trans-shipped to HMS Brig *Princess Charlotte* for the service in Van Diemen's Land under your Honor's Government. The *Princess Charlotte* it is expected will sail from here for the River Derwent in the course of tomorrow, and out of the which number embarked, His Excellency the Governor has assigned Twenty-five for the service at the settlement of Port Dalrymple. The list herewith contains the names of all these Females with their times and places of trial and Sentences of Transportation. In my communication to Lieut. Colonel Cimitiere Comm^r at Port Dalrymple I transmit a List of the women destined for the settlement under his command.

I transmit also the names &c of two male convicts, viz Thos Crougham and John Popjoy who are embarked on the *Princess Charlotte* for Hobart Town, with their times and places of trial and other circumstances as certified by Mr Hutchinson Principal Superintendent of Convicts.

His Excellency has also granted a passage on the present vessel to the Derwent to Eli Baigent and his wife Mary, both Free Persons and late servants in His Excellency's establishment. He is also pleased to allow a passage to Bartholomew Broughton a Prisoner of the Crown to Hobart Town His Excellency having ordered him a Ticket of Leave which he has obtained under the present date. This young man has been for a short time a Clerk in my office and conducted himself therein throrily[?] and correctly.

The Prisoner Bartholomew Broughton arrived here in January last per HMS *Dromedary*, Skinner Com^r: had been tried at London Gaol on 21 Ap^l 1819 and sentenced to Transportation for Life, as appears by Indents.

Since writing so far, I learn that the instructions of His Excellency the Governor in regard to the sailing of the *Princess Charlotte*, are that she shall proceed first to Port Dalrymple and thence to the Derwent, of which I was not aware when I commenced this letter.

I have the honor to be

Sir
